

REUSABLE WIPER KIT

INTRODUCING THE ENVIRO-TAB INSTANT & REUSABLE WIPER KIT.

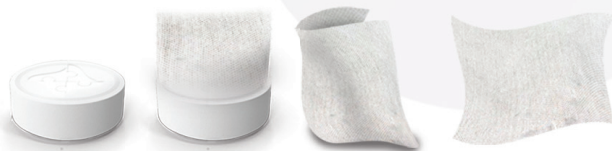

Make durable and sustainable wiper when and for where you need them with the **Envirotab™ Reusable Wiper Kit**. This kit employs super-strong, all-natural rayon wipers, made from wood fibers and our **Envirotab™ 1g** solution from any prepared bottle of 100ppm solution. These wipers are perfect for use in your home, automobile, camper, RV, office, nursery or anywhere that a disposable wiper is the preferred means of cleaning a surface.

COMPONENTS

COMPONENT #1:

PRO-TAB™ is a compressed, rayon cleaning cloth in the shape of a tablet that is soft but resistant, washable/reusable, biodegradable, takes up less storage space, etc. These rayon wipers are not damaged by chlorine dioxide solutions, so it is ideal for use with **Envirotab™**. You get 50 **PRO-TAB™ Wipers** in this Starter Kit.

COMPONENT #2:

Envirotab™ 1g Tablets & Spray Bottle

The flagship product of our line, these tablets are used to generate 100ppm of Aqueous Chlorine Dioxide solution in 32 ounces of water.

COMPONENT #3:

The Reusable, Rechargeable Dispenser

This dispenser, which can hold 14-15 compressed wiper cloths comes with a 2-part screw lid, and a super-sturdy PET plastic base.
